

FLEET

Qualified Fleet User Enrollment Form

Fleet Account Numbers (FAN) are assigned to Qualified Fleet Users (defined below) upon application to General Motors LLC and Fleet and Commercial Operations (GM) through its Global Fleet Sales System (GFSS).

Enrollment Form Terms and Conditions

A "Qualified Fleet User" is defined as, subject to below exclusions, any business entity that: (a) has purchased or leased five (5) or more new vehicles (any combination of vehicle manufacturers) principally for business use by such business entity in the United States within the last 12 months; (b) currently owns or leases five (5) or more medium duty trucks principally for business use by such business entity in the United States or purchases/leases one (1) medium duty truck from a participating Medium Duty Assistance Program distributor (MDAP); or (c) currently owns or leases fifteen (15) or more vehicles used principally for business use by such business entity in the United States. Vehicles must be titled and registered in the business name (personal vehicles are excluded). If a proposed enrollee is qualified as a Fleet customer, a GM dealer is required to submit a fleet enrollment application. Supporting documentation must be retained by the dealer and made available to GM upon request (including all titles, registrations, and proof of insurance). The proposed enrollee may be asked for additional documentation.

NOTE: Entities deemed eligible for a Government FAN, with a minimum of one (1) vehicle, are exempt from having to provide vehicle eligibility documents. Examples of Government entities are federal/state/county/city agency, town/township/village or municipality, public education system, or government owned-operated utility or railroad. Dealers can refer to the current 23-01 Government Bid Assistance Policies and Procedures bulletin.

A Qualified Fleet User will not include any of the following: OEM and OEM Dealers; dealer rental, dealer lease, or dealer parts companies; used car businesses or dealerships; brokers; or any other similar entities as determined by GM in its sole discretion. Further, entities listed on GM's suspected exporter list will not be able to be deemed Qualified Fleet Users, and in the event a FAN has already been issued, such FAN will be immediately terminated.

New Fleet or Commercial motor vehicles ordered must be delivered to the same Qualified Fleet User (using the same GM Fleet Account Number or FAN). Vehicles delivered to a qualified fleet customer, must be reported with a Fleet delivery type. In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of twelve (12) months from the date of delivery, or 12,000 miles, whichever occurs first, unless a different fleet service requirement is specified in the program guidelines provided by GM under a Competitive Assistance Program agreement (the "Program Guidelines"). Qualified Fleet Users are not allowed to export vehicles outside of the United States, and upon any violation in GM's sole discretion, the FAN will be immediately terminated.

The Qualified Fleet User, by executing the Enrollment Form, certifies it is a Qualified Fleet User, acknowledges the Fleet Program Guidelines referenced herein, and agrees to comply with any and all GM requirements, including the terms and conditions of this Enrollment Form and any Competitive Assistance Program agreement if one is signed.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling dealer, access to review original business records confirming that vehicles were, and continue to be, registered, used, and transferred only in accordance with GM Program Guidelines. In the event (1) a Qualified Fleet User orders new motor vehicles from a dealer and identifies them as fleet units eligible for GM Fleet programs and those vehicles are not used by Qualified Fleet User in accordance with Program Guidelines, or (2) GM declares in its sole discretion that any other actions of a Qualified Fleet User are inconsistent with this program, GM will take appropriate action, in its sole discretion and with or without notice to the Qualified Fleet User, which may include the disqualification of the Qualified Fleet User and/or dealer from future participation in GM Fleet Programs, and the issuance of fleet charge back against the dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited the dealer or identified Qualified Fleet User as a result of inaccurate representation.

As part of the Program Guidelines, Qualified Fleet User agrees to comply fully with all applicable laws and regulations of all appropriate jurisdictions relative to the purchase and lease of such Fleet vehicles. GM dealers are authorized to sell new motor vehicles only to customers located in the United States. It is a breach of the GM Dealer Agreement for a GM dealer to sell new motor vehicles for resale, or for use outside the United States. Qualified Fleet Users agree not to intentionally or knowingly induce GM dealers to violate these resale or export provisions. Violation of this policy by a dealer or a Qualified Fleet User will result in a chargeback to the dealer or Qualified Fleet User and may include, in GM's sole discretion, dealer or Qualified Fleet User or both being disqualified from further participation in GM Fleet programs and passing to the Qualified Fleet User any penalties imposed on GM by certain countries for unauthorized export/import of GM vehicles . In the event of such a chargeback to the dealer, the Qualified Fleet User agrees to reimburse the dealer.

By signing below, the Qualified Fleet User acknowledges (1) this Enrollment Form has been executed by its duly authorized representative, and (2) they have read and understand, and agree to abide by, the Enrollment Form Terms and Conditions.

REQUESTOR ACKNOWLEDGMENT Dealer FMC FAE BDM

Before signing this application, you must answer the following question:

Is the company the FAN is being requested for partially or wholly owned by an OEM dealer? **Y / N**

_____ Dealer/FMC/FAE/BDM Name (PRINT NAME)	_____ Requester (PRINT NAME)	_____ Title
_____ Dealership BAC (if applicable)	_____ Signature	_____ Date

FLEET

2021-24 Model Year Chevrolet and GMC Fleet Limited Powertrain Warranty

GM Fleet and Commercial Sales is offering a continued Limited Powertrain Warranty of 5 years or 100,000 miles, whichever comes first, to certain commercial and government customers. This Powertrain Warranty covers all 2021, 2022, 2023, and 2024 model year Chevrolet and GMC vehicles sold to commercial customers with purchases under a Fleet Account Number (FAN), and includes sales delivery type 014, 035, 036, 038 and 040. Exclusions include: 020 rental delivery type; all retail delivery types, including retail business delivery types 018 and 029; Chevrolet Low Cab Forward diesel engine equipped trucks; and all Buick and Cadillac products. Refer to the appropriate Limited Warranty and Owner Assistance Information booklet and your dealer for details.

The 5year/100,000 miles Limited Powertrain Warranty will show in the GM system after the delivery report is processed. The included Maintenance Program will be the same for Fleet and Commercial as Retail sales. Please refer to your Chevrolet and GMC Dealers for details.
