

Qualified Fleet User Enrollment Form

A Fleet Account Number (FAN) will be assigned to a Qualified Fleet User (defined below) after an application has been submitted to and approved by General Motors LLC.

Terms and Conditions

Qualified Fleet User

Subject to the below exclusions, a "Qualified Fleet User" is defined as any business entity that: (a) has purchased or leased five (5) or more new vehicles (any age or manufacturer) principally for business use by such business entity in the United States within the last 12 months; (b) currently owns or leases five (5) or more Medium Duty trucks (any age or manufacturer) principally for business use by such business entity in the United States or purchases/leases one (1) Medium Duty truck from a participating Medium Duty Assistance Program (MDAP) distributor; or (c) currently owns or leases fifteen (15) or more vehicles (any age or manufacturer) used principally for business use by such business entity in the United States. Vehicles must be titled and registered in the business name (personal vehicles are excluded). If a proposed enrollee qualifies as a Fleet customer, a GM dealer must submit a FAN enrollment application. Supporting documentation must be retained by the dealer and made available to GM upon request (including titles, registrations, and proof of insurance). The proposed enrollee may be asked for additional documentation.

NOTE: Entities deemed eligible for a Government FAN, with a minimum of one (1) vehicle, are exempt from having to provide vehicle eligibility documents. Examples of Government entities are federal, state, county, city, town/township/village or municipality, public education system, or government owned-operated utility or railroad. Dealers can refer to the current 24-00 Government Bid Assistance Policies and Procedures bulletin.

A Qualified Fleet User will not include any of the following: OEM, OEM dealership; dealer rental, dealer lease, dealer parts companies; used car businesses or dealerships; brokers; or any similar entities as determined by GM in its sole discretion. Further, entities listed on GM's suspected exporter list will not be deemed a Qualified Fleet User, and if a FAN has been issued, such FAN will be immediately terminated.

New Fleet or Commercial motor vehicles ordered must be delivered to the same Qualified Fleet User (using the same GM FAN). Vehicles delivered to a Qualified Fleet User must be reported with a Fleet delivery type. In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of twelve (12) months from the date of delivery, or 12,000 miles, whichever occurs first, unless a different fleet service requirement is specified in the program guidelines provided by GM under a Competitive Assistance Program agreement (the "Program Guidelines"). Qualified Fleet Users are not allowed to export vehicles outside of the United States, and upon any violation, the FAN will be immediately terminated at GM's sole discretion.

The Qualified Fleet User, by executing this Enrollment Form, certifies it is a Qualified Fleet User, acknowledges the Fleet Program Guidelines referenced herein, and agrees to comply with all GM requirements, including the terms and conditions of this Enrollment Form and any Competitive Assistance Program agreement if one is signed.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling dealer, access to review original business records confirming all vehicles were, and continue to be, registered, titled, used, and transferred only in accordance with GM Program Guidelines. In the event (1) a Qualified Fleet User orders new motor vehicles from a dealer and identifies them as fleet units eligible for GM Envolve programs and those vehicles are not used by a Qualified Fleet User in accordance with Program Guidelines, or (2) GM declares that any other actions of a Qualified Fleet User are inconsistent with this program, GM will take appropriate action, in its sole discretion and with or without notice to the Qualified Fleet User. This may include the disqualification of the Qualified Fleet User and/or dealer from future participation in GM Envolve Programs, and the issuance of a fleet charge back against the dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited

the dealer or identified Qualified Fleet User as a result of inaccurate representation.

As part of the Program Guidelines, Qualified Fleet Users agree to comply fully with all applicable laws and regulations of all appropriate jurisdictions relative to the purchase and lease of Fleet vehicles. GM dealers are authorized to sell new motor vehicles only to customers located in the United States. It is a breach of the GM Dealer Agreement for a GM dealer to sell new motor vehicles for resale, or for use outside the United States. Qualified Fleet Users agree not to intentionally or knowingly induce GM dealers to violate these resale or export provisions. Violations of this policy by a dealer or Qualified Fleet User will result in a Fleet charge back to the dealer or Qualified Fleet User. In addition, the dealer, or Qualified Fleet User, or both, may be disqualified from further participation in GM Envolv programs, and any penalties imposed on GM by certain countries for unauthorized export/import of GM vehicles may be passed on to the Qualified Fleet User. In the event of such a charge back to the dealer, the Qualified Fleet User agrees to reimburse the dealer.

By signing below, the Qualified Fleet User acknowledges (1) this Enrollment Form has been executed by its duly authorized representative, and (2) they have read and understand, and agree to abide by, the Enrollment Form Terms and Conditions.

CUSTOMER ACKNOWLEDGMENT

Chevrolet and GMC Fleet Limited Powertrain Warranty

GM Envolv offers a Limited Powertrain Warranty of 5 years or 100,000 miles, whichever comes first, to certain Commercial and Government customers. This Powertrain Warranty covers all 2021 model year and newer Chevrolet and GMC vehicles sold to Commercial customers with purchases under a Fleet Account Number (FAN), and includes sales delivery types 014, 035, 036, 038 and 040.

Exclusions include: 020 rental delivery type; all retail delivery types, including Small Business delivery types 018 and 029; Chevrolet Low Cab Forward diesel engine equipped trucks; and all Buick, Cadillac and BrightDrop products. Refer to the appropriate Limited Warranty and Owner Assistance Information booklet and your dealer for details.

The 5-year/100,000 mile Limited Powertrain Warranty will be shown in the GM system after the delivery report is processed. The included Maintenance Program will be the same for Fleet as Retail sales. Please refer to your Chevrolet and GMC Dealers for details.
