2022

FLEET GUIDE

GM FLEET

WHY GM FLEET | ELECTRIC VEHICLES | CARS | SUVs/ CROSSOVERS | TRUCKS | VANS | SPECIALTY VEHICLES | RESOURCES

To say it has been an extraordinary year would be the understatement of my life. Not even the most powerful crystal ball could have predicted how our world would transform and the importance placed on personal connections and communication.

Being challenged in such an unprecedented way has given us all the latitude to innovate. We have been working from home offices all over the country to stay connected with you, understand the challenges you are facing and figure out how we can help. Do I miss looking you all in the eye and shaking your hands? Absolutely! But I am happy to say our GM Fleet team is more resilient than ever, operating at the highest level I have ever witnessed in my personal history with General Motors.

At the corporate level, I am proud of GM's continued focus on its vision of a world with zero crashes, zero emissions and zero congestion, and the leadership role we have taken in defining the next age of transportation.

We are designing today for our future with our all-electric Ultium Platform. It is being engineered for power and the flexibility to charge fast, run efficiently and fit all different types of vehicles, and is an innovation powering the company's commitment to put everybody in an electric vehicle.

As the industry evolves, your business and fleet vehicles likely will as well. We want to be with you on this journey.

Our promise to you is to provide great products and services, an exceptional customer experience and the innovative business solutions you need to keep your business moving forward.

Working together, we will continue to rebuild and recover from the pandemic. As we do, know our team of more than 250 dedicated fleet employees is here to help your business prosper — and we are here to help transform your fleet as the industry progresses.

Your success is our success, and we will go the extra mile for your business. As you make plans to refresh your fleet this year, we hope you will consider our team here at General Motors Fleet.

Please continue to stay strong, stay safe and stay healthy!

Ed Peper

ED PEPER
U.S. Vice President
General Motors Fleet

IMPORTANT NOTE: We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Check the vehicle's Order Guide at time of vehicle order.

SOLUTIONS THAT WORK FOR YOU

Becoming a General Motors Fleet customer is a simple way to give your fleet a competitive advantage. Our constant focus is helping to propel your business forward — because your success is our success.

1

GREAT PRODUCTS & SERVICES

Choose from more than 60 unique vehicles from four distinct brands, all of which offer exceptional engineering that makes upfitting[1] easy.

2

EXCEPTIONAL CUSTOMER EXPERIENCE

Our experienced Fleet Support Staff, Business Elite Dealers and Fleet Account Executives are with you every step of the way throughout the purchasing, financing and upfitting[1] process.

3

INNOVATIVE BUSINESS SOLUTIONS

Beyond vehicles, we offer you the tools your business needs to succeed, including fleet-specific telematics, connectivity services, financing options, loyalty programs and more.

DELIVERING AND SERVICING YOUR VEHICLES WITH

THE LARGEST DEALER NETWORK

GM DEALERS

4,000+

A nationwide network of GM Dealers is ready to meet your fleet's needs, with quality service and a full lineup of cars, trucks and SUVs.

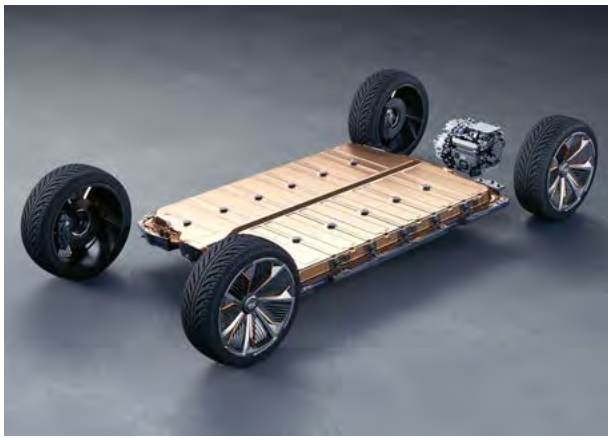

BUSINESS ELITE

Business Elite Dealers with knowledgeable staff, who specialize in commercial vehicles, are ready to help ensure your business runs efficiently.

1 Upfits from an independent supplier and are not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

LEADING THE CHARGE

Every so often something comes along that completely changes the status quo. For businesses with a fleet, we believe electric vehicles are just that. Our team of EV experts is ready to show you how your business can benefit from the ways we're transforming transportation.

Simulated battery shown.

REVOLUTIONARY ULTIUM TECHNOLOGIES

GM's all-electric Ultium Platform will allow for a variety of battery and drive unit combinations. Ultium will have the capability to charge fast, run efficiently and fit all different types of vehicles to help meet your fleet needs.

NOTE: The 2022 Chevrolet Bolt EV and Bolt EUV are not engineered on GM's Ultium Platform.

ULTIUM CHARGE 360 FLEET SERVICE

Our fleet charging service helps make the switch to electric seamless by identifying providers, tools and solutions required to plan, finance, deploy and operate charging infrastructure in fleet yards and depots.

TOOLS TO HELP MAXIMIZE RANGE

The Energy Assist feature in the myChevrolet Mobile App[1] offers simple tools to help drivers manage their electric vehicle. It lets them pick charging stations convenient for them — along their route, in a local parking lot or at a location with overnight charging.

> **WE'RE COMMITTED TO OUR VISION OF A WORLD WITH ZERO CRASHES, ZERO EMISSIONS AND ZERO CONGESTION. WE INTEND TO CREATE AN ALL-ELECTRIC FUTURE THAT HELPS REDUCE YOUR OVERALL COST OF FLEET OWNERSHIP.**
>
> *— Mary Barra, GM chairman and CEO*

FIND YOUR LOCAL GM FLEET EXPERT AT
gmfleet.com/contact

1 Available on select Apple and Android devices. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Device data connection required. Energy Assist screen mirroring requires connected compatible smart device with myChevrolet Mobile App installed. Energy Assist does not provide turn-by-turn navigation. See onstar.com for details and limitations. Visit https://www.chevrolet.com/electric/living-electric for more details on specific Energy Assist features.

PUT ELECTRIC VEHICLES TO WORK FOR YOUR FLEET

Every fleet can go electric. Our goal is to make adding GM Fleet electric vehicles to yours simple. When you make the switch to one of our EVs, you get so much more than a new vehicle. You get a team of EV experts ready to show you how going electric is a simply smart way to do business — and the benefits it can bring to yours.

2022 Chevrolet Bolt EV and Bolt EUV shown.
Not engineered on GM's Ultium Platform.

$ BENEFITS FOR YOUR BOTTOM LINE

Without all of the usual engine upkeep — oil changes, transmission fluid flushes, engine belt replacements — you'll spend less time and money on maintenance. Plus, when compared to a new gas-powered vehicle of the same size, the EPA estimates the Chevrolet Bolt EV could save you as much as $5,000 in fuel costs over five years[1].

CHARGING IS CONVENIENT

Charging an EV fleet is as easy as plugging in a smartphone. It can be done at home, at the workplace or on the go with an expanding network of public charging stations you can use at any time.

HAVE CONFIDENCE IN OUR RANGE

Traveling in an electric vehicle, such as the refreshed 2022 Chevrolet Bolt EV or all-new 2022 Chevrolet Bolt EUV, can be simple thanks to the in-vehicle Energy App, which can provide access to compatible charging outlets across the United States.

1 Based on 118 MPGe, 45% highway, 55% city driving, 15,000 annual miles, $2.83 per gallon gas, and $0.13 per kWh national average electricity cost.

SOLUTIONS TO TAKE YOUR BUSINESS INTO THE ELECTRIC FUTURE

Not engineered on GM's Ultium Platform.

REDESIGNED

2022 Chevrolet Bolt EV

AVAILABLE NOW

A fresh, new look inside and out with convenient charging options, first-rate tech and comfortable seating — all without using a single drop of gas.

Not engineered on GM's Ultium Platform.

ALL-NEW

2022 Chevrolet Bolt EUV

AVAILABLE NOW

Fun to drive and loaded with technology, including available Super Cruise™[1] that offers hands-free assistance technology for compatible roads.

Simulated model shown. Actual production model may vary.

GMC HUMMER EV Pickup

INITIAL RETAIL AVAILABILITY FALL 2021

A first-of-its kind supertruck that blends off-road dominance with unprecedented on-road performance features and available charging up to nearly 100 GM-estimated miles in 10 minutes[2].

Simulated model shown. Actual production model may vary.

Cadillac LYRIQ

INITIAL RETAIL AVAILABILITY FIRST HALF OF 2022

An uncompromising SUV that begins the electric evolution of the Cadillac brand, with premier technologies, stirring performance capabilities and zero tailpipe emissions.

TAKE A TEST-DRIVE!

There's no better way to determine if an EV will work for your fleet than to experience one. Contact your local Fleet Account Executive to schedule a demo.

EXPANDING OUR EV LINEUP

Simulated model shown. Actual production model may vary.

GMC HUMMER EV SUV

INITIAL RETAIL AVAILABILITY EARLY 2023

Meet the next all-electric supertruck — the revolutionary GMC HUMMER EV SUV. Impressive on pavement with up to 830 GM-estimated horsepower[3] and up to 11,500 lb.-ft. of GM-estimated torque[3], and ready to tackle any terrain with advanced off-road capabilities.

First-Ever, All-Electric Chevrolet Silverado

General Motors is proud to announce the first-ever, all-electric Chevrolet Silverado. It's being engineered from the ground up to bring together the benefits of GM's Ultium Platform and the proven Silverado capability fleets have come to rely on. Availability will be announced at a later date.

1 Always pay attention while driving and when using Super Cruise. Do not use a hand-held device. Visit chevrolet.com/electric/super-cruise for compatible roads and full details. **2** GM estimate. Standard on Edition 1 and available on EV[3X]. Actual charge times will vary based on battery condition, output of charger, vehicle settings and outside temperature. Requires use of public 800-volt DC fast chargers. **3** GM estimate. Standard on Edition 1 and EV[3X].

THE SMARTER WAY TO DELIVER GOODS

Reimagine how deliveries are done with BrightDrop. Its solutions are designed to help reduce your business costs while helping maximize productivity through an ecosystem of connected and electrified products and services.

BRIGHTDROP EV600

Go the distance you need while maximizing room for cargo with the 2023 EV600, available to order January 2022 (limited availability). This electric light commercial vehicle is purpose-built for the delivery of goods and services. Powered by the Ultium battery platform, it combines zero-emissions driving with a range of advanced driver assistance and convenience features.

- Up to 250 miles of range on a full charge[1]
- Peak charge rate of up to 160 miles of EV range per hour via 120 kW DC fast charging[2]
- Segment-leading safety features[3]
- More than 600 cu. ft. of cargo space[4]
- Available GVWR under 10,000 lbs.[5], limiting the need for additional licensing to operate
- Available BrightDrop Software Platform helps keep you connected and in control[6]

Available to order January 2022. Limited availability.

1 GM estimate based on a full charge and subject to change prior to production. GM-estimated range based on current capability of analytical projection consistent with SAE J1634 revision 2017 – MCT. Actual range may vary based on several factors, including temperature, terrain, battery age, loading and how you use and maintain your vehicle. **2** Data is for the 2023 model year EV600 with 20-module HV propulsion battery. **3** Based on January 2021 vehicle offerings. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's Owner's Manual for important feature limitations and information. **4** Cargo and load capacity limited by weight and distribution. **5** Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. **6** Additional subscription required.

BRIGHTDROP EP1

Help reduce touches, errors, labor costs and physical strain on the labor force with the propulsion-assisted EP1. There's no need for a dolly. It's designed to be adaptable for a variety of locations and built to move on a range of surfaces, so you can trust it will arrive. You can even wrap it to give it your own custom look and branding.

Built-in electric hub motor to help reduce the physical strain on your workforce

Operator can adjust the speed up to 3.1 mph to match their walking pace

Easy to operate and maneuver in both crowded and tight spaces

Enabled couriers to effectively handle 25% more packages per day in an initial pilot[1]

Maximum payload capacity of 200 lbs.[2]

Lockable doors to allow for easy access and secure cargo

gobrightdrop.com

SUPPORT SERVICES

Get your fleet ready for business with our operational support services, products and teams that can work with you to help you maximize your fleet.

UPFITTING SUPPORT[3]

Connect with an upfitter to customize your new EV600 to suit your individual business needs or upfit[3] your existing fleet to work seamlessly with our ecosystem.

PARTS & SERVICING

Seamless access to OEM parts and components, helpful service centers for EVs in the BrightDrop dealer network, mobile repair units for EP1s and official training certifications can help keep your BrightDrop products up and running at peak efficiency.

CHARGING INFRASTRUCTURE

Smoothly transition to electrification by working with BrightDrop and the trusted industry resources we can connect you with.

1 Information provided is based on results from initial studies of the EP1 in a pilot offering. Results may vary based on individual usage and applications. **2** Actual production specs may vary. Please consult your Owner's Manual for exact specifications. **3** Upfits from an independent supplier and are not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

TECHNOLOGIES TO HELP SUPPORT SAFE DRIVING

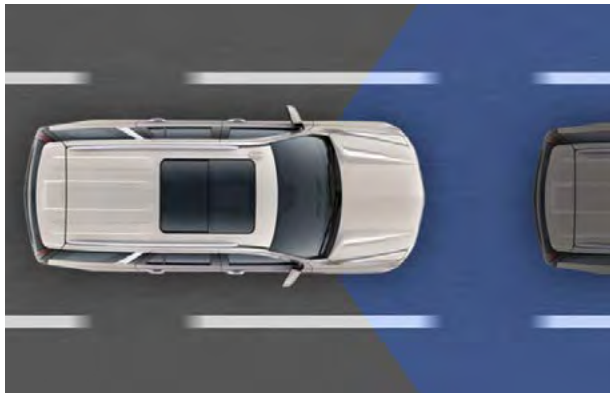

Safety is engineered into the DNA of our vehicles. Many of them also offer technologies that can help your drivers mitigate crashes. Because reducing human error can help reduce crashes — and that helps keep your fleet vehicles on the road.

COMPREHENSIVE FLEET SAFETY SOLUTIONS

PROACTIVE

Advanced viewing and alert systems can proactively command a driver's attention to help avoid collisions.

PREDICTIVE

Active safety features, such as Automatic Emergency Braking, can help alert the driver and help mitigate a crash.

PREVENTATIVE

If the unavoidable occurs, GM Fleet vehicles are designed to help protect with crashworthiness engineering.

periscope

INTRODUCING PERISCOPE

Periscope is GM's new safety brand that brings together research, vehicle technology and advocacy to help continue to move toward a future with zero crashes.

LEARN MORE AT

gm.com/commitments/vehicle-safety

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for important feature limitations and information.

SAFETY IN NUMBERS

Helping your drivers stay safe is as important to us as it is to you. That's why GM is working with the University of Michigan Transportation Research Institute (UMTRI). Together, the GM and UMTRI teams analyze the real-world effectiveness of many of our available active safety and driver assistance technologies. Recent results[1] show several of these features are making a statistically significant impact in helping to reduce crashes.

REDUCED
▼82%

Backing Crashes

Available Reverse Automatic Braking — combined with Rear Vision Camera, Rear Park Assist (Feature will not function on certain models without dealer retrofit, expected Q4 2022. See dealer for details.) and Rear Cross Traffic Alert — uses a camera, ultrasonic sensors and radar in the back corners of your vehicle to help prevent a driver from backing into detected objects directly behind the vehicle.

REDUCED
▼40%

Rear-End Striking Crashes

Available Automatic Emergency Braking with Forward Collision Alert can help a driver avoid or reduce the severity of front-end collisions with a vehicle they're following by automatically providing hard emergency braking or enhancing the driver's hard braking.

REDUCED
▼12%

Lane Departure-Related Crashes

Available Lane Keep Assist with Lane Departure Warning uses a brief, gentle steering wheel turn to alert the driver when they may be unintentionally drifting out of detected lane lines. System alerts do not occur if the driver is using their turn signal or if it detects they may be intentionally leaving their lane.

REDUCED
▼16%

Lane Change Crashes

Available Lane Change Alert with Side Blind Zone Alert can provide side-mirror visual alerts when a detected moving vehicle is quickly approaching or is in the driver's side blind zone. It can help a driver avoid lane change collisions.

BUSINESS SOLUTIONS™

A BETTER WAY TO DO BUSINESS

LEARN MORE AT
gmfleet.com/onstar-business-solutions

Your business needs vehicles to work and data to thrive. OnStar Business Solutions™ offers you ways to connect and get actionable insights that can help your fleet operate more efficiently.

ONSTAR SAFETY SERVICES

GIVE YOUR DRIVERS PEACE OF MIND ON THE ROAD.

You need to keep your assets secure and your people safe. With our Safety Services plans, real Advisors are standing by around the clock to make that happen.

SAFETY & SECURITY PLAN

Gives you peace of mind knowing Emergency-Certified OnStar® Advisors[1] are ready 24/7 to help your drivers in the event of a crash, a vehicle theft or even a medical emergency.

- Emergency Services[2]
- Automatic Crash Response[2]
- Stolen Vehicle Assistance[3]
- Turn-by-Turn Navigation[4]
- Roadside Assistance[5]

ASSURANCE PLAN

Offers the basics if your business is focused on driver safety and ways to help keep your property secure.

- Emergency Services[2]
- Automatic Crash Response[2]
- Stolen Vehicle Assistance[3]

DRIVER REMOTE ACCESS PLAN

Provides your drivers with streamlined diagnostics and the ability to use the vehicle mobile app as a key fob to help keep their vehicle as productive as possible.

- Remote Commands[6]
- Directions on the Go[7]
- Vehicle Diagnostics[8]

1 Advisors certified by the International Academies of Emergency Dispatch. **2** OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Not all vehicles may transmit all crash data. **3** Requires paid plan, working electrical system, cell reception, GPS signal, armed GM factory-installed theft-deterrent system, contact method on file and enrollment to receive alerts. Additional messaging and data rates may apply. Services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. **4** Requires paid plan and properly equipped vehicle. Mobile app functionality is available on select devices and requires data connection. Map coverage available in the U.S., Puerto Rico and Canada. **5** Roadside services provided by Allstate Roadside Services for vehicles only. Limitations and restrictions apply. **6** Requires paid plan. Lock/unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. **7** Requires paid plan and properly equipped vehicle. Mobile app functionality is available on select devices and requires data connection. Map coverage available in the U.S., Puerto Rico and Canada. **8** Diagnostic capabilities vary by model and plan. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues will deliver alerts. Check here for details and limitations.

ONSTAR VEHICLE INSIGHTS™[1]

MANAGE THE WAY YOUR BUSINESS MOVES.

Optimize productivity with driver management tools, gain insights with meaningful data and maximize your efficiency from the big picture down to individual vehicles in your fleet. Our embedded telematics solution is helpful for fleets of any size and, with our Fleet Adapter[2], can be utilized across your whole fleet — regardless of vehicle make or model year. Get started today at onstarvehicleinsights.com.

CUSTOM ALERTS

Personalizes what information is most important to you and your business. Set your alerts to automatically update you with the driver, vehicle and route history that is valuable to your fleet.

DRIVER PERFORMANCE INSIGHTS

Empowers your drivers with the tools they need to help improve their driving performance by scoring braking, acceleration and more. Promoting smarter driving and improving driver habits.

VEHICLE HEALTH

Minimizes downtime by helping you ensure routine maintenance is managed on a schedule that fits your business.

API & DATA SERVICES

HARNESS DETAILS THAT MAKE THE DIFFERENCE.

There is no one-size-fits-all solution for your business. OnStar Business Solutions brings together the integrity of embedded hardware with a wide array of telematics service providers and fleet management companies to help meet your unique needs.

WI-FI® CONNECTIVITY

KEEP YOUR PEOPLE CONNECTED.

Connect up to seven devices within 50 feet of an available in-vehicle Wi-Fi® Hotspot[3]. Plans are available for your unique business needs, from just enough to get the job done to an Unlimited Data Plan so your team can accomplish whatever the day throws at them.

1 Terms apply. Available on select properly equipped 2015 model year and newer GM vehicles (excludes Volt, Low Cab Forward Trucks and GM vehicles built without OnStar Hardware, which includes but is not limited to select base Chevrolet and GMC trucks). Requires an active connected vehicle services plan. Fees, services and availability subject to change without notice. Applicable taxes not included. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. See onstarvehicleinsights.com for details and limitations. **2** U.S. and Canada only. Available for use only in properly equipped model year 1997 or newer vehicles. Use of the Fleet Adapters requires an active OnStar Vehicle Insights subscription. Working OBD-II port, electrical system, cell reception and GPS signal required. Customer installation required. Terms apply. See product instructions and additional technical requirements provided with your Fleet Adapter or visit OnStarVehicleInsights.com for additional details, limitations, and installation instruction. **3** Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See OnStar.com/BusinessSolutions for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi® to function.

ACCESSORIES THAT GET THE JOB DONE

LEARN MORE AT
gmfleet.com/gm-accessories

We have the accessories to make your fleet vehicles exactly what is needed for the job. Whether it's organizing and protecting cargo, charging an EV or preparing your vehicle for towing, you can trust our accessories to work with your vehicle — and work when you need them.

2021 vehicles shown. Pictured gear and supplies not included. See dealer for details.

COMMERCIAL-GRADE ACCESSORIES

Whether your vehicle is new or has been in your fleet for years, our accessories can keep it working hard for your business.

- Equip your vehicle specifically for your vocation
- Add valuable protection to your vehicle's interior and exterior
- Enhance your vehicle's performance and capability
- Help ensure your drivers have the tools they need to be productive and organized

DESIGNED SPECIFICALLY FOR YOUR VEHICLE

Developed by the engineers who know your GM Fleet vehicle best, our accessories offer the same reliability, styling and quality that went into the design and manufacturing of your car, truck, van or SUV. Get them expertly installed by your preferred GM dealer or, for those not requiring installation, simply buy online or over the counter.

This guide features accessories that are designed, engineered, tested and backed by GM. An additional offering of Associated Accessories is also available, which are engineered, tested and backed by third-party manufacturers. The Associated Accessories symbol denotes that the accessory is engineered and sourced by third-party companies, each with its own individual warranty coverage.

We're in the zero tailpipe emissions business.

AVAILABLE FLEET PACKAGE

- Special Service Package (See Order Guide for details)

1 Standard on LS; available on LT with second-row bench seat. RS, Premier and High Country seat seven. **2** With second and third rows folded. Cargo capacity limited by weight and distribution. **3** Premium paint; additional cost. **4** Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's Owner's Manual for important feature limitations and information. **5** Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See OnStar.com/BusinessSolutions for details. Availability subject to change. **6** Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See OnStar.com/BusinessSolutions for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi® to function. **7** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc, registered in the U.S. and other countries. **8** Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android™ smartphone. Data plan rates apply. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto is a trademark of Google LLC. **9** Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **10** Does not detect people or items. Always check rear seat before exiting vehicle. **11** If you decide to continue service after your trial, your selected subscription plan will automatically renew thereafter. You will be charged at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Some features, including streaming content and listening recommendations, require GM connected vehicle services. All fees and programming subject to change. ©2021 SiriusXM Radio Inc. All rights reserved. **12** Not compatible with all devices. **13** Connected Navigation and real-time Points of Interest (POI) only available on properly equipped vehicles. Requires paid plan or trial. Map coverage available in the U.S., Puerto Rico and Canada. See onstar.com for details and limitations. **14** Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. **15** The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see my.chevrolet.com/learn for details or consult your carrier.

- Remote Start
- Spray-on bedliner
- Tow/Haul Mode (2.8L diesel and 3.6L gas only)
- USB charging-only ports[8] (2)
- Vinyl floor covering (WT and LT Extended Cab only)

1 Requires 4WD WT Extended Cab or 2WD LT Crew Cab Short Box model and 2.8L Duramax® Turbo-Diesel engine. Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. **2** Premium paint; additional cost. **3** Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's Owner's Manual for important feature limitations and information. **4** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc, registered in the U.S. and other countries. **5** Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android™ smartphone. Data plan rates apply. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto is a trademark of Google LLC. **6** Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **7** If you decide to continue service after your trial, your selected subscription plan will automatically renew thereafter. You will be charged at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Some features, including streaming content and listening recommendations, require GM connected vehicle services. All fees and programming subject to change. ©2021 SiriusXM Radio Inc. All rights reserved. **8** Not compatible with all devices. **9** Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See OnStar.com/BusinessSolutions for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi® to function. **10** Connected Navigation and real-time Points of Interest (POI) only available on properly equipped vehicles. Requires paid plan or trial. Map coverage available in the U.S., Puerto Rico and Canada. See onstar.com for details and limitations. **11** Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. **12** Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See OnStar.com/BusinessSolutions for details. Availability subject to change.

THE MIDSIZE TRUCK FOR BIG JOBS

Powerful engine options with efficient technologies. Rugged and strong with a quiet, refined interior. If you're looking for a truck to help your crew work hard, you're looking for Colorado.

2022 Colorado Work Truck Crew Cab Short Box shown.

POWER THAT WORKS FOR YOU

Every job is different, but with three engine options, you'll be able to find a Colorado that's right for your business. Enjoy up to 7,700-lbs. max. trailering capacity[1,2] to help handle big hauling jobs.

BUILT FOR UTILITY

Colorado is built for utility and designed to make it look easy. A fully boxed frame and 4-wheel disc brakes with Duralife™ rotors means it's durable too. A CornerStep rear bumper, corner hand grips and up to 17 tie-downs help your crew work smarter.

PRO POWER AT YOUR COMMAND

The GMC Canyon is engineered to take on demanding tasks and keep pace with your needs. With commanding presence and formidable capability, it offers the maneuverability, efficiency and comfort that make it the perfect pickup for your fleet.

AVAILABLE DIESEL POWER

Big jobs often require big equipment. Canyon is strong enough to trailer up to a maximum 7,700 lbs.[1,2] when equipped with the 2.8L Duramax® Turbo-Diesel and the available Trailering Package[2].

FUNCTIONALITY FLEETS NEED

The large Canyon cargo bed lets your crew work hard and smart. It's engineered with fleet-focused features like the CornerStep rear bumper and an available locking EZ-Lift and Lower Tailgate, making it easy to load, organize and secure cargo.

TOUGH TASKS HAVE MET THEIR MATCH

With two heavy-duty powertrain options, innovative towing technologies and a large and functional Durabed, the Chevrolet Silverado HD pulls up ready to work.

2022 Silverado 2500 HD Custom Crew Cab shown. Vehicle shown with upfits from an independent supplier and are not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

PACKAGES TAILORED TO FLEET NEEDS

The WT Fleet Convenience Package and Fleet Comfort Package were designed with your business in mind. Features like an EZ-Lift Power Lock and Release Tailgate and a 10-way power driver seat help keep drivers productive and comfortable.

SNOW PLOW-READY

A removable skid plate and front air dam eliminate the need to drill holes into the bumper to mount a snow plow[1], making installation convenient.

JOBSITE-READY FOR YOUR FLEET

With advanced trailering technologies, a versatile Durabed and other options that take its capability further, the Sierra Heavy Duty stands up to the toughest jobs like a pro.

FLEET-SPECIFIC PACKAGES

The Fleet Convenience Package and Fleet Comfort Package were designed with your business in mind. They offer features like a 10-way power driver seat and an EZ-Lift Power Lock and Release Tailgate to help keep drivers both comfortable and productive.

BUILT FOR TRAILERING

The Sierra Heavy Duty Gooseneck/Fifth-Wheel Prep Package offers a factory-installed hitch platform that's installed while the truck itself is being manufactured, eliminating the time-consuming aftermarket installation process.

1 Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. **2** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **3** Requires 6.6L Duramax® Turbo-Diesel V8 engine. Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. **4** Maximum gooseneck trailering capability.

CONTINUOUS IMPROVEMENT

With excellent maneuverability, forward visibility and advanced technology, Chevrolet Silverado 4500 HD, 5500 HD and 6500 HD Chassis Cabs are the workhorses you can depend on to get the job done.

READY TO TAKE IT ON

Create the right vehicle for your business with smart new features, including an auxiliary switch bank, an exhaust brake and increased front axle capacity.

EASILY FITS YOUR FLEET

Designed to help make upfits[3] quick and easy, Silverado 4500 HD, 5500 HD and 6500 HD Chassis Cabs center around a straight frame design, including single-piece frame rails with a clean top of rail and back of cab that can accommodate bodies up to 24 feet.

KEY STANDARD FEATURES

PERFORMANCE

- 5.2L diesel engine (215 hp/452 lb.-ft. of torque) — 4500 HD/4500 XD/5500 HD/5500 XD
- 6.6L V8 gasoline engine (350 hp/425 lb.-ft. of torque) — 3500/4500
- 6-speed automatic transmission
- 4-wheel antilock disc brakes (includes Traction Control and stability control on diesel models)
- 30-gallon stainless steel fuel tank (approx.), includes 2 auxiliary fuel ports (diesel models)
- 38.6-gallon fuel tank (approx.) (gas models)
- 140-amp alternator (diesel models)
- 145-amp alternator (gas models)
- Dual batteries with 750 cold-cranking amps (diesel models)
- Single battery with 750 cold-cranking amps (gas models)
- GVWR[4] model options from 12,000 lbs. to 19,500 lbs

PRODUCTIVITY + DRIVE EXPERIENCE

- 16-inch steel wheels (3500/4500 HD models)
- 19.5-inch steel wheels (4500/4500 XD/5500 HD/5500 XD models)
- AM/FM stereo with CD player, auxiliary jack, USB port[5] and Bluetooth® wireless technology[2] for select phones
- Assist steps
- Cloth interior in Medium Ash Gray
- Cruise control
- Daytime Running Lamps
- Driver Information Center
- Front floor mats (front and rear on Crew Cab models)
- High-back driver and front passenger bucket seats
- LED headlamps
- Power door locks and windows
- Silver grille
- Single-zone manual air conditioning
- Tilt/telescoping steering column
- Tinted glass

KEY AVAILABLE FEATURES

Optional features and packages vary by trim level. See Order Guide for details.

- 102-inch-wide mirror brackets
- Automatic engine shutdown (diesel models)
- Backup alarm
- Chrome grille
- Cruise control delete
- Driver Safety Enhancement Package, includes Adaptive Cruise Control[6], Lane Departure Warning[6], Forward Collision Alert[6] and Automatic Emergency Braking[6] (diesel models) (late availability)
- Dual Absorbed Glass Mat batteries with 825 cold-cranking amps (diesel models)
- Single Absorbed Glass Mat battery with 825 cold-cranking amps (gas models)
- Engine block heater
- Enhanced audio system with 7-inch diagonal color touch-screen display, includes Apple CarPlay™[7] and Android Auto™[8] capability
- Front-end protection film
- Heated outside rearview mirrors
- LED lighting upgrade
- Limited-slip axle (gas models)
- Locking DEF fill cap (diesel models)
- Oil pan heater (diesel models)
- Power Take Off (PTO) provisions (diesel models)

1 Cargo and load capacity limited by weight and distribution. **2** Whichever comes first. A "Qualified Fleet User" is defined as, subject to below limitations, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. **3** Premium paint; additional cost. **4** SEO solid paint color. **5** Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's Owner's Manual for important feature limitations and information. **6** Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See OnStar.com/BusinessSolutions for details. Availability subject to change. **7** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **8** Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. **9** Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See OnStar.com/BusinessSolutions for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi® to function. **10** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc, registered in the U.S. and other countries. **11** Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android™ smartphone. Data plan rates apply. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto is a trademark of Google LLC. **12** Go to my.chevrolet.com/learn to find out which Bluetooth phones are compatible with the vehicle. **13** Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **14** Not compatible with all devices. **15** To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your Owner's Manual.

2021 Tahoe 4x4 SSV shown. Vehicle shown with upfits from an independent supplier and are not covered by the GM New Vehicle Limited Warranty. 1 Cargo and load capacity limited by weight and distribution. **2** Whichever comes first. A "Qualified Fleet User" is defined as, subject to below limitations, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. **3** Premium paint; additional cost. **4** SEO solid paint color. **5** Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's Owner's Manual for important feature limitations and information. **6** Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See OnStar.com/BusinessSolutions for details. Availability subject to change. **7** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **8** Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. **9** Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See OnStar.com/BusinessSolutions for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi® to function. **10** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc, registered in the U.S. and other countries. **11** Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android™ smartphone. Data plan rates apply. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto is a trademark of Google LLC. **12** Go to my.chevrolet.com/learn to find out which Bluetooth phones are compatible with the vehicle. **13** Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **14** To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your Owner's Manual.

PROFESSIONAL VEHICLE LIMITED WARRANTY

UP TO **3 YRS/150,000 MILES[1]**

Eligible livery vehicles come with the confidence of the Cadillac Professional Vehicle Limited Warranty. This comprehensive package (RPO: ZR3) covers key components for up to 3 years or 150,000 miles[1]. Plus, Cadillac premium care maintenance[2] and 24-hour Roadside Assistance[3] help keep your fleet on the road.

1 Whichever comes first. See dealer for Professional Vehicle Limited Warranty details. **2** For 2021 and 2022 vehicles, maintenance visit must occur within first year of vehicle delivery. Service visit consists of ACDelco Oil and Filter Change/Tire Rotation/MPVI. Does not include air filters. See participating dealer for other restrictions and complete details. **3** 6-year/70,000-mile Roadside Assistance. Whichever comes first. See dealer for details.

GENERAL MOTORS FLEET

CUSTOMER SOUNDING BOARD

The mission of the Customer Sounding Board (CSB) is to create a forum for Commercial Fleet Professionals and General Motors Fleet management to candidly discuss all issues of importance to the fleet industry. The CSB welcomes your ideas to improve the way General Motors Fleet does business with you. Please submit your ideas via e-mail to the CSB member nearest your location. Your questions and concerns will be sent directly to GM. For general Fleet questions, please call the General Motors Fleet Action Center at 1-800-FLEETOP (1-800-353-3867).

1 Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. **2** Whichever comes first. See dealer for limited warranty details. **3** See warranty booklet/manual for details.

COVERAGE FOR YOUR FLEET

When you purchase a new GM vehicle for your fleet, you'll also gain peace of mind knowing your vehicle comes with benefits.

ROADSIDE ASSISTANCE[1]

Enjoy the confidence in knowing help is available if your drivers have a flat tire, run out of gas or find themselves stranded. Specially trained Advisors are available 24 hours a day, 365 days a year for them to request service to help you get back on the road.

- Chevrolet/GMC Qualified fleet customers: 5 years/100,000 miles[2]
- Chevrolet/GMC Retail customers: 5 years/60,000 miles[3]
- Chevrolet Electric/Hybrid: 8 years/100,000 miles[3]
- Buick: 5 years/60,000 miles[3]
- Cadillac: 6 years/70,000 miles[3]

COURTESY TRANSPORTATION[4]

Courtesy Transportation provides alternative means of travel and/or reimbursement of certain transportation expenses if your eligible fleet vehicle requires warranty repair.

- Chevrolet/GMC Qualified fleet customers: 5 years/100,000 miles[2]
- Chevrolet/GMC Retail customers: 5 years/60,000 miles[3]
- Chevrolet Electric/Hybrid: 8 years/100,000 miles[3]
- Buick: 5 years/60,000 miles[3]
- Cadillac: 6 years/70,000 miles[3]

INCLUDED MAINTENANCE

Technicians at more than 4,000 Buick, Cadillac, Chevrolet and GMC dealers nationwide are trained to help keep your vehicles running in optimum condition for the road ahead. With your new vehicle purchase, enjoy one maintenance visit within the first year of vehicle delivery[5]. Services include:

- Oil and filter change
- Tire rotation
- Multi-Point Vehicle Inspection (MPVI)

1 Roadside service provided by Allstate Roadside Services for vehicles only. Limitations and restrictions apply. **2** Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. **3** Whichever comes first. See dealer for limited warranty details. **4** If the vehicle has a warrantable failure, see your Owner's Manual for full details on the Courtesy Transportation program. **5** Includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of oil change, tire rotation and Multi-Point Vehicle Inspection. Service will be performed using ACDelco dexos1® Full Synthetic oil and ACDelco filter. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. For Chevrolet/GMC Diesel models, maintenance includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change, tire rotation and Multi-Point Vehicle Inspection and Diesel Exhaust Fluid (DEF) II. Service will be performed using ACDelco dexos2 or Mobil Delvac™ 1300 CK4 oil and ACDelco filter and ACDelco Diesel Exhaust Fluid. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. Chevrolet Corvette maintenance includes one required maintenance visits as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change and Multi-Point Vehicle Inspection. Service will be performed using Mobil 1 ESP 0W40 oil and ACDelco Filter. Service visits must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9.

BUSINESS CHOICE OFFERS

FLEXIBLE SOLUTIONS FOR YOUR BUSINESS

2021 Chevrolet LCF 6500 XD, 2021 Chevrolet Silverado 6500 HD, 2022 GMC Savana Cargo Van and 2021 GMC Sierra 2500 Heavy Duty shown with upfits from an independent supplier and are not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

2022 Chevrolet Bolt EV shown.

The 2021 BUSINESS CHOICE OFFERS[1] can give you a great value on the vehicles you count on to keep your business moving. With cash allowances on either eligible GM Accessories or Upfits, you have more ways to get a deal on the purchase of your new Chevrolet or GMC truck or van or a Chevrolet Bolt EV. Add compatible retail offers to your deal and discover the full value.

BUSINESS CHOICE OFFERS

ACCESSORY CASH ALLOWANCE[2] on eligible accessories

OR

UPFIT CASH ALLOWANCE[2] on eligible upfits[3]

1 The 2021 GM Business Choice Program is valid from 1/5/2021 – 1/2/2023. Customer must purchase or lease their vehicle during the program period and be prepared to provide proof of business ownership. This program may not be compatible with other offers or incentive programs. Consult with your GM dealer for program compatibility and other restrictions. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties, and ordering, consult your GM dealer. To qualify, vehicle must be used in the day-to-day operations of your business and not solely for personal/non-business-related transportation purposes. Proof of business ownership may be required. Not available with some other offers. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties, and ordering, consult your GM dealer. Take delivery by 1/2/2023. **2** See dealer for details. Allowance only available on vehicles equipped with a minimum of $400 in GM Accessories. **3** Eligible purchases must be equal to or greater than the amount of the cash allowance. Upfits are provided by independent suppliers. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by any such supplier. Not available with some other offers. Take delivery by 1/2/2023. Only available on the following upfits with a minimum of $300 upfit installed: Business Choice-eligible GM accessories for Bolt EV cargo.

YOU DESERVE THE ELITE TREATMENT

Business Elite Dealers are available to help you with vehicle selection, upfits[1] and service so you can run your business.

CUSTOMIZED SOLUTIONS

Business Elite Dealers take the time to learn about your challenges and offer solutions.

- Stock a diverse lineup of ready-for-sale commercial vehicles
- Customize your vehicles with appropriate upfits[1] for your job requirements
- Your eligible vehicle purchase may qualify for a cash allowance for vehicle accessories[2] or upfits through our Business Choice Program[3]

EXCEPTIONAL CUSTOMER SERVICE

You're getting more than great vehicles — you're getting support for your business.

- Business Elite service departments have the facilities, tools, equipment and certified technicians to accommodate your specific needs
- Extended service hours beyond a 9-to-5 day
- Available, work-ready loaner vehicles

1 Upfits are provided by independent suppliers. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by any such supplier. **2** Eligible purchases must be equal to or greater than the amount of the cash allowance. Accessory Cash Allowances require purchase of eligible accessories from your GM dealer. **3** The 2021 GM Business Choice Program is valid from 1/5/2021 – 1/2/2023. Customer must purchase or lease their vehicle during the program period and be prepared to provide proof of business ownership. This program may not be compatible with other offers or incentive programs. Consult with your GM dealer for program compatibility and other restrictions. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties and ordering, consult your GM dealer. To qualify, vehicle must be used in the day-to-day operations of your business and not solely for personal/non-business-related transportation purposes. Proof of business ownership may be required. Not available with some other offers. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties and ordering, consult your GM dealer. Take delivery by 1/2/2023.

FLEET ACCOUNT NUMBERS

ESTABLISHING A NEW GM FLEET ACCOUNT NUMBER (FAN)

A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to Qualified Fleet Users (defined below) upon application to General Motors and Fleet and Commercial Operations (GM) through the GM Fleet Account Number System (GMFANS).

ENROLLMENT FORM TERMS AND CONDITIONS

A "Qualified Fleet User" is defined as, subject to below exclusions, any business entity that: (a) has purchased or leased five (5) or more new vehicles (any combination of vehicle manufacturers) principally for business use by such business entity in the United States within the last 12 months; (b) currently owns or leases five (5) or more medium duty trucks principally for business use by such business entity in the United States or purchases/leases one (1) medium duty truck from a participating Medium Duty Assistance Program distributor (MDAP); or (c) currently owns or leases fifteen (15) or more vehicles used principally for business use by such business entity in the United States. Vehicles must be titled and registered in the business name (personal vehicles are excluded). If a proposed enrollee is qualified as a Fleet customer, a GM dealer is required to submit a fleet enrollment application. Supporting documentation must be retained by the dealer and made available to GM upon request (including all titles, registrations and proof of insurance). The proposed enrollee may be asked for additional documentation.

NOTE: Entities deemed eligible for a Government FAN, with a minimum of one (1) vehicle, are exempt from having to provide vehicle eligibility documents. Examples of government entities are federal/state/county/city agency, town/township/village or municipality, public education system or government owned-operated utility or railroad. Dealers can refer to the current 21-00 Government Bid Assistance Policies and Procedures bulletin.

A Qualified Fleet User will not include any of the following: OEM and OEM Dealers; dealer rental, dealer lease or dealer parts companies; used car businesses or dealerships; brokers or any other similar entities as determined by GM in its sole discretion. Further, entities listed on GM's suspected exporter list will not be able to be deemed Qualified Fleet Users, and in the event a FAN has already been issued, such FAN will be immediately terminated.

New Fleet or Commercial motor vehicles ordered must be delivered to the same Qualified Fleet User (using the same GM Fleet Account Number or FAN). Vehicles delivered to a qualified fleet customer must be reported with a Fleet delivery type. In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of six (6) months from the date of delivery unless a different fleet service requirement is specified in the program guidelines provided by GM under a Competitive Assistance Program agreement (the "Program Guidelines"). Qualified Fleet Users are not allowed to export vehicles outside of the United States, and upon any violation in GM's sole discretion, the FAN will be immediately terminated.

The Qualified Fleet User, by executing the Enrollment Form, certifies it is a Qualified Fleet User, acknowledges the Fleet Program Guidelines referenced herein, and agrees to comply with any and all GM requirements, including the terms and conditions of this Enrollment Form and any Competitive Assistance Program agreement if one is signed.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling dealer, access to review original business records confirming that vehicles were, and continue to be, registered, used, and transferred only in accordance with GM Program Guidelines. In the event (1) a Qualified Fleet User orders new motor vehicles from a dealer and identifies them as fleet units eligible for GM Fleet programs and those vehicles are not used by Qualified Fleet User in accordance with Program Guidelines or (2) GM declares in its sole discretion that any other actions of a Qualified Fleet User are inconsistent with this program, GM will take appropriate action, in its sole discretion and with or without notice to the Qualified Fleet User, which may include the disqualification of the Qualified Fleet User and/or dealer from future participation in GM Fleet Programs, and the issuance of fleet charge back against the dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited the dealer or identified Qualified Fleet User as a result of inaccurate representation. In the event of such a chargeback to the dealer, the Qualified Fleet User agrees to reimburse the dealer.

B. IF A PROSPECT IS QUALIFIED:

A General Motors Dealer is required to submit an enrollment application through GM Global Connect. The enrollment application can be found on the GM Global FANS website. The following information is required:

1. Name of business
2. Physical address
3. Phone number
4. Copies of titles, registrations, or proof of insurance of minimum vehicle requirement, in the company name
5. Completed Qualified Fleet User Enrollment Form

Upon completion of the enrollment application on the website, Dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued and the requesting Dealer will be advised of the FAN via online application and e-mail.

All supporting documentation of the prospect's fleet eligibility must be retained at the dealership submitting the enrollment application.

STANDARD FLEET ELIGIBILITY GUIDELINES

Unless otherwise indicated, the following eligibility guidelines will apply to all fleet incentive/allowance programs:

A. The order period will begin with the announcement of the 2022 model year fleet incentive programs and end when Dealers are notified that 2022 model year orders are no longer being accepted by the respective GM Divisions.

B. The delivery period is the start of 2022 production.

C. Eligible vehicles must remain in service for a minimum of six (6) months (even if the retail alternative incentive is selected). However, if a vehicle has been damaged beyond repair (i.e., fire, frame or water damage, etc.) and documentation is available to support the condition, this provision will be waived.

D. All qualified fleet orders for eligible models received from Dealers must contain a valid fleet order type.

E. All qualified fleet orders for eligible models received from Dealers must contain the FAN of record and the FAN account name.

F. Dealer Order Acknowledgments must be checked to verify accuracy of orders submitted.

G. Dealer orders currently on hand or in the system that qualify under these programs, except that they do not contain the appropriate processing options, can be amended or canceled and reordered if they have not been approved for production (preferenced). This is the ordering Dealer's responsibility.

H. Vehicles delivered to unqualified customers are ineligible, and the Dealer's open account will be debited for the amount of the credit and any other fleet allowance paid. Failure to comply with these guidelines may also result in the Dealer being disqualified from future participation in fleet programs and/or termination of the Dealer's Sales and Service Agreement. Failure to report a FAN and valid fleet delivery type on the delivery record, if required by the GM Division, will automatically generate a debit to the Dealer's open account.

I. Eligible passenger car deliveries must be made to the ultimate customer through a dealership representing the GM marketing division. Passenger car deliveries made through any entity or individual other than the General Motors Dealer are ineligible for payment. Eligible light duty truck orders may be delivered through body builders if the end user is a qualified fleet or political subdivision, including the federal government.

J. Dealers must take full responsibility for including the proper processing option on the orders. No additions or changes will be accepted after orders are approved for production (preferenced).

K. Fleet orders submitted with both a fleet processing option and any ineligible fleet or retail incentive option will be rejected with an error message.

L. Acceptance of an order on any vehicle line does not constitute a commitment to build or to build in a requested time frame.

M. Those orders not produced during the 2022 model production period will be canceled. There are no provisions for Dealers to receive any allowance for those canceled orders.

N. Order Workbench delivery codes reported by Dealers must be the same as the Order Workbench codes provided in incentive program guidelines.

IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program Dealer letters or guidelines. To assure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet Action Center.

We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release, please check with your GM Dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engine and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost and/or supplied by an independent supplier.

See your local General Motors Fleet Account Manager or Dealer Fleet/ Commercial Sales Manager, or go to gmfleet.com for up-to-date information.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.
