## A LETTER FROM ED PEPER

Simulated Chevrolet Silverado EV shown. Production model will vary. Available Spring 2023.

Our all-electric future is happening right now. So, if you're not preparing to integrate electric vehicles into your fleets, there's no better time to start.

Maybe you've seen our latest EV campaign and you're ready to #GetPluggedIn. Maybe you're hesitant and have questions. The extraordinary people on our team are ready to help with whatever you need. They're what truly makes the difference when you work with General Motors Fleet.

We're committed to providing businesses like yours with more EV options, including the first-ever, all-electric Chevrolet Silverado EV, which will be available Spring 2023 for GM Fleet customers. Plus, we're excited to bring a wide range of new vehicles to market by 2025.

But we also understand your current fleets consist of gas and diesel vehicles. We're here to continue to support those products with the business solutions you need today, and we'll help you get ready for what your fleets will look like tomorrow.

The automotive industry is evolving. We want to be with you as your business transforms along with it. If you need help with anything, just reach out to our team. GM Fleet will make it happen for you!

**ED PEPER**

U.S. Vice President, General Motors Fleet

## WHY CHOOSE GM FLEET

### INNOVATIVE BUSINESS SOLUTIONS SIMPLIFIED FLEET MANAGEMENT

Optimize efficiency with our innovative solutions that can help you streamline business operations and easily manage your fleet vehicles throughout their entire life cycle.

### FLEXIBLE FINANCING

Choose from traditional financing, commercial lines of credit, and more. Customizable to suit your needs. Perfect whether you're looking to finance a few vehicles or an entire fleet. Government customers can take advantage of our municipal lease program that offers low, tax-exempt rates.

### CONNECTED SERVICES

Keep drivers connected with an available built-in Wi-Fi® Hotspot<sup>1</sup>. Make more informed decisions with telematics. All from the available embedded OnStar® hardware in most of our vehicles.

### EFFICIENT CONSOLIDATED BILLING

Manage costs, minimize administration, and maximize driver convenience with our parts and service programs. Manage your vehicle service and parts purchases at a GM dealership or through an ACDelco distributor. Every vehicle in your fleet is eligible — no matter the make or model.

### EXCEPTIONAL CUSTOMER EXPERIENCE SPECIALIZED FLEET SUPPORT

Get expert advice and help throughout the purchase, finance, and upfitting<sup>2</sup> process from our experienced Fleet Support Staff, Business Elite Dealers, and Fleet Account Executives.

### DELIVERING AND SERVICING YOUR VEHICLES WITH THE LARGEST DEALER NETWORK

**4,000+ GM DEALERS**

Nobody understands your business better than our Chevrolet and GMC Business Elite dealers. They're available to help you build and maintain your fleet, with commercially focused dealership teams to provide the support and services you need.

2022 Chevrolet Colorado LT 4WD Crew Cab shown.

<sup>1</sup> Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See OnStar.com/BusinessSolutions for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi® to function.  
<sup>2</sup> Upfits from an independent supplier and are not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

## WE CAN HELP YOU UNLEASH THE FULL POTENTIAL OF YOUR FLEET

Charge into an electric future with complete confidence. From selecting the right EVs to setting up your charging infrastructure, we offer a comprehensive support system to help you transition your business to electric vehicles.

### GM ENERGY: AN ELECTRIC ECOSYSTEM REIMAGINED

With the power of Ultium technology, GM Energy is introducing a network of charging stations, dedicated back-up home power and a suite of new products to help create a more resilient grid.

#### ULTIUM COMMERCIAL

Ultium Commercial helps businesses manage their energy with greater power security and flexibility through Stationary Energy Storage Solutions: a way for businesses to store and manage excess energy on a grand scale with commercial-grade storage units.

#### ULTIUM CHARGE 360 FLEET SOLUTIONS

As a GM Fleet EV customer, we'll support you with our Ultium Charge 360 Fleet Solutions. It connects you with fleet charging providers and can help identify the right solutions for an electrified transition, such as planning, financing, operating, and maintaining your charging infrastructure.

#### ACCESS TO CHARGING SOLUTION LEADERS

We work with leaders in charging solutions to continually expand the scope of fleet charging infrastructure across the country. This includes collaborations with eTransEnergy, InCharge Energy, and Schneider Electric for depot infrastructure, along with leveraging GM's existing relationships with Qmerit for home charging and EVgo for public and depot charging hardware.

#### SUPPORT WHEN YOU NEED IT

Our dedicated team of EV consultants and fleet representatives can help make your business's transition to electric seamless. Reach out about total cost of ownership, how to implement infrastructure solutions via our turnkey providers, and whatever other questions you may have. We're ready when you are.

#### EVERYBODY IN

Join us for the ride. Explore how our electric solutions can work for you at [gmfleet.com/get-plugged-in](https://gmfleet.com/get-plugged-in).

Simulated product shown, subject to change. Show truck shown. Actual production will vary. Model year 2023 Silverado EV available Fall 2023.

## KEEP GOODS FLOWING WITH BRIGHTDROP

Transform your delivery operations from first to last mile with BrightDrop — solutions designed to help make deliveries smarter, safer, and more efficient.

### PRODUCTS FOR MORE EFFICIENT DELIVERY

#### BRIGHTDROP ZEVO 600

Handle deliveries with ease — and zero tailpipe emissions — with Zevo 600. This all-electric, purpose-built cargo van offers just over 600 cu. ft. of cargo space<sup>1</sup> and more than 250 miles of range on a full charge<sup>2</sup>, making it ideal for just about any need.

#### BRIGHTDROP ZEVO 400

AVAILABLE LATE 2023

Our smaller EV, the Zevo 400, can fit into a standard parking space and is built to be more maneuverable. With just over 400 cu. ft. of cargo space<sup>1</sup>, it's perfect for grocery, telecom, delivery, and many other industries.

#### BRIGHTDROP TRACE

Help reduce touches, errors, labor costs, and physical strain on your labor force with Trace. This electrically propelled cart is easy to operate and maneuver in crowded or tight spaces, making it adaptable for a variety of locations.

#### BRIGHTDROP SOFTWARE PLATFORM

Real-time insights sent from your BrightDrop products to our platform<sup>3</sup>, where you're in command. Customizable to your organization and existing workflows for easy adoption.

## SUPPORT SERVICES

### UPFIT SUPPORT<sup>1</sup>

You can work with your current upfitter, or we can connect you with some of the best in the industry that can offer you proven upfitting solutions.

### PARTS & SERVICING

Seamless access to OEM parts and components, helpful service centers for Zevos in the BrightDrop dealer network, mobile repair units for Traces, and official training and certifications can help keep your BrightDrop products up and running at peak efficiency<sup>2</sup>.

### CHARGING INFRASTRUCTURE

Our team — and trusted industry resources we can connect you with — can work with you to help make your transition to electrification go smoothly by minimizing installation costs, optimizing energy use, and providing ongoing, reliable maintenance.

Image shown represents the PowerUP+ and PowerUP Pro wall-mounted charger. PowerUP charger available Q3 2022. PowerUP+ and PowerUP Pro available Q4 2022. Availability dates subject to change.

## GET THE MOST OUT OF YOUR FLEET

In-depth insights. Actionable data. The confidence knowing your drivers are never alone on the road. OnStar Business Solutions™ offers it all. Powered by available embedded OnStar® hardware and backed by 25 years of technology and know-how, our connected vehicle solutions can help you operate your business more efficiently.

### ONSTAR® KEY SERVICES

Get the most out of your vehicles with safety, security, and seamless connectivity features. Find a plan that works for you at [gmfleet.com/onstar-business-solutions](https://gmfleet.com/onstar-business-solutions).

#### AUTOMATIC CRASH RESPONSE<sup>1</sup>

In the event of a crash, built-in sensors can automatically alert an OnStar® Emergency-Certified Advisor<sup>2</sup> who can send help — even if the driver can't ask for it.

#### EMERGENCY SERVICES<sup>1</sup>

A priority connection to an OnStar® Emergency-Certified Advisor<sup>2</sup> who can provide crucial medical assistance until First Responders arrive.

#### STOLEN VEHICLE ASSISTANCE<sup>3</sup>

Once law enforcement confirms one of your vehicles has been stolen, OnStar Advisors are ready to help authorities recover it quicker and safer.

#### REMOTE COMMANDS<sup>4</sup>

Puts the power of the key fob on your smartphone. Drivers can remotely start and stop the engine, control the locks, and activate the horn and lights using the vehicle mobile app, if properly equipped.

#### MOBILE OFFICE CONNECTIVITY

Connect up to seven devices and maintain connections up to 50 feet from an available in-vehicle Wi-Fi® Hotspot<sup>5</sup>.

<sup>1</sup> OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Not all vehicles may transmit all crash data. <sup>2</sup> Advisors certified by the International Academies of Emergency Dispatch. <sup>3</sup> Requires paid plan, working electrical system, cell reception, GPS signal, armed GM factory-installed theft-deterrent system, contact method on file and enrollment to receive alerts. Additional messaging and data rates may apply. Services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. <sup>4</sup> Requires subscription to Remote Access Plan or Unlimited Access Plan. Services are subject to user terms and limitations and vary by vehicle model. Unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. Visit [onstar.com](https://onstar.com) for more details. <sup>5</sup> Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See [OnStar.com/BusinessSolutions](https://OnStar.com/BusinessSolutions) for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi® to function.

## ONSTAR BUSINESS SOLUTIONS

### DATA THAT DRIVES BUSINESS

Keep track of daily operations and get the real-time info you need to help keep your fleet up and running smoothly.

#### ONSTAR VEHICLE INSIGHTS™<sup>1</sup>

Get the insights that matter most to your business with GM's fleet management solution. Optimize productivity with driver management tools. Gain insights with vehicle health data. Maximize efficiency with custom alerts. Helpful for fleets of any size and compatible with non-GM and older model vehicles, so you can keep things simple and efficient. Get started today at [onstarvehicleinsights.com](https://onstarvehicleinsights.com).

#### API & DATA SERVICES

There is no one-size-fits-all solution for your business. That's why we offer an extensive range of API services that can be integrated into the applications of a wide variety of telematic service providers and fleet management companies. Explore our providers at [gmfleet.com/onstar-business-solutions](https://gmfleet.com/onstar-business-solutions).

<sup>1</sup> Terms apply. Available on select properly equipped 2015 model year and newer GM vehicles (excludes Volt, Low Cab Forward Trucks and GM vehicles built without OnStar Hardware, which includes but is not limited to select base Chevrolet and GMC trucks). Requires an active connected vehicle services plan. Fees, services, and availability subject to change without notice. Applicable taxes not included. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. See [onstarvehicleinsights.com](https://onstarvehicleinsights.com) for details and limitations.

## SAFETY

### CONFIDENCE TO GET THE JOB DONE

As General Motors works toward our vision of a future with zero crashes, our lineup is evolving to offer the latest technologies that can help your drivers stay safe and encourage safe driving behaviors behind the wheel. Because reducing human error can help reduce crashes — and that helps keep your fleet vehicles on the road.

#### ✓ DRIVEN BY YOUR SAFETY

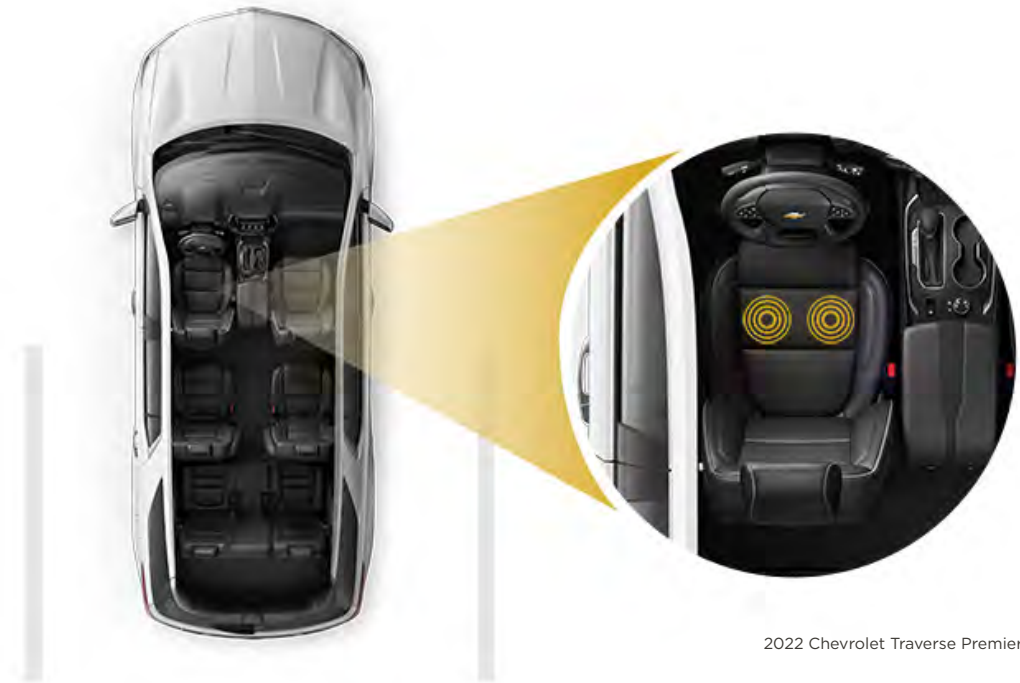

Protecting your fleet is as important to us as it is to you. If the unavoidable occurs, GM Fleet vehicles are designed to help protect with crashworthiness engineering.

#### ✓ AVAILABLE ADVANCED SAFETY FEATURES

Many of our vehicles offer a comprehensive suite of active safety technologies and crash-avoidance features that can help enhance driver awareness to potential crash threats, allowing them to react and make changes to avoid them.

Explore the ways you can protect your fleet vehicles at [gmfleet.com/active-safety-technologies](https://gmfleet.com/active-safety-technologies).

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for important feature limitations and information.

## ACCESSORIES

### MAKE IT YOUR OWN

Protect equipment. Organize tools. Make your vehicles more accessible. Whatever your business needs, GM Fleet is there with accessories that offer a solution. Perfect for new vehicles or those that have been in your fleet for years, our accessories are made to work — and work when you need them.

### MADE FOR YOUR VEHICLE

You can count on the same reliability, styling, and quality that went into your GM Fleet vehicle's design and manufacturing. That's because our accessories are developed by the engineers who know them best. Get them expertly installed by your preferred GM dealer.

- ✓ Equip your vehicles specifically for your vocation
- ✓ Enhance capability and performance
- ✓ Add protection inside and out
- ✓ Make the workday easier by organizing tools and equipment

1 Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. 2 These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver door jamb. 3 Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. 4 Requires 2.7L Turbo Plus engine. 5 Requires available Trailering Package and limited-slip rear differential.

Preproduction 2023 GMC Canyon AT4 Crew Cab Short Box shown. Actual production model may vary. Due to current supply-chain shortages, certain features shown have limited or late availability, or are no longer available. See the window label or a dealer regarding the features on an individual vehicle.

Spray-on bedliner

Tailgate storage compartment

Trailering Package<sup>13</sup> (trailer hitch and 7-pin  
connector)

ProGrade Trailering System<sup>13</sup>

Available Wi-Fi<sup>®</sup> Hotspot<sup>14</sup>

Wireless phone charging<sup>15</sup>

<sup>1</sup> Requires ProGrade Trailering System. Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. <sup>2</sup> Requires 2WD model. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. <sup>3</sup> Premium paint; additional cost. <sup>4</sup> Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's Owner's Manual for important feature limitations and information. <sup>5</sup> Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See OnStar.com/BusinessSolutions for details. Availability subject to change. <sup>6</sup> Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. <sup>7</sup> Google built-in services are subject to limitations and availability may vary by vehicle, infotainment system and location. Select service plan required. Certain Google actions and functionality may require account linking. User terms and privacy statements apply. Google, Google Play, and Google Maps are trademarks of Google LLC. <sup>8</sup> If you decide to continue service after your trial, your selected subscription plan will automatically renew thereafter. You will be charged at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Some features, including streaming content and listening recommendations, require GM connected vehicle services. All fees and programming subject to change. ©2022 SiriusXM Radio Inc. All rights reserved. <sup>9</sup> Not compatible with all devices. <sup>10</sup> Vehicle user interface is a product of Apple<sup>®</sup> and its terms and privacy statements apply. Requires compatible iPhone<sup>®</sup> and data plan rates apply. Apple CarPlay, Siri, iPhone and Apple Music are trademarks of Apple, Inc., registered in the U.S. and other countries. <sup>11</sup> Vehicle user interface is a product of Google and its terms and privacy statements apply. To use Android Auto on your car display, you'll need an Android phone running Android 6 or higher, an active data plan, and the Android Auto app. Google, Android and Android Auto are trademarks of Google LLC. <sup>12</sup> To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your Owner's Manual. <sup>13</sup> Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. <sup>14</sup> Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See OnStar.com/BusinessSolutions for details and limitations. Availability subject to change. Vehicle must be on or in the accessory position for Wi-Fi<sup>®</sup> to function. <sup>15</sup> The system wirelessly charges one compatible mobile device. # BUILT FOR BUSINESS

With excellent maneuverability, forward visibility, and advanced technology, Chevrolet Silverado 4500 HD, 5500 HD, and 6500 HD Chassis Cabs are the workhorses you can depend on to get the job done.

2022 model shown.

## READY TO TAKE IT ON

Create the right vehicle for your business with smart standard features like an auxiliary switch bank and an exhaust brake.

## EASILY FITS YOUR FLEET

Designed to help make upfits<sup>3</sup> quick and easy, Silverado 4500 HD, 5500 HD, and 6500 HD Chassis Cabs center around a straight frame design, including single-piece frame rails with a clean top of rail and back of cab that can accommodate bodies up to 24 feet.

<sup>1</sup> Whichever comes first. A "Qualified Fleet User" is defined as, subject to below limitations, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. <sup>2</sup> Cargo and load capacity limited by weight and distribution. <sup>3</sup> Premium paint; additional cost. <sup>4</sup> Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's Owner's Manual for important feature limitations and information. <sup>5</sup> These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. <sup>6</sup> Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. <sup>7</sup> Go to my.chevrolet.com/learn to find out which Bluetooth phones are compatible with the vehicle. <sup>8</sup> To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your Owner's Manual. <sup>9</sup> Programming of four additional remotes is at customer's expense. Programming remotes is not a warranty expense.

<sup>1</sup> Whichever comes first. A “Qualified Fleet User” is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. <sup>2</sup> Whichever comes first. See dealer for limited warranty details. <sup>3</sup> See warranty booklet/manual for details.

### COVERAGE AND CONFIDENCE

Whether you transport, deliver, haul, or pick up, we've got you covered. You have the benefits that help to keep your GM Fleet vehicle — and your business — running smoothly.

#### ROADSIDE ASSISTANCE<sup>1</sup>

Help is waiting if your drivers have a flat tire, run out of gas, or find themselves stranded. Specially trained advisors are available 24 hours a day, 365 days a year to help you get back on the road.

- Chevrolet/GMC Qualified Fleet customers: 5 years/100,000 miles<sup>2</sup>
- Chevrolet/GMC Retail customers: 5 years/60,000 miles<sup>3</sup>
- Chevrolet Electric: 8 years/100,000 miles<sup>3</sup>
- Buick: 5 years/60,000 miles<sup>3</sup>
- Cadillac: 6 years/70,000 miles<sup>3</sup>

#### COURTESY TRANSPORTATION<sup>4</sup>

Courtesy Transportation provides alternative means of travel and/or reimbursement of certain transportation expenses if your eligible fleet vehicle requires warranty repair.

- Chevrolet/GMC Qualified Fleet customers: 5 years/100,000 miles<sup>2</sup>
- Chevrolet/GMC Retail customers: 5 years/60,000 miles<sup>3</sup>
- Chevrolet Electric: 8 years/100,000 miles<sup>3</sup>
- Buick: 5 years/60,000 miles<sup>3</sup>
- Cadillac: 6 years/70,000 miles<sup>3</sup>

#### INCLUDED MAINTENANCE

Technicians at more than 4,000 Chevrolet, GMC, Buick, and Cadillac dealers nationwide are trained to help keep your vehicles running in optimum condition for the road ahead. With your new vehicle purchase, enjoy one maintenance visit within the first year of vehicle delivery<sup>5</sup>. Depending on the model, services could include:

- Oil and filter change
- Tire rotation
- Multi-Point Vehicle Inspection (MPVI)

<sup>1</sup> Roadside service provided by Allstate Roadside Services for vehicles only. Limitations and restrictions apply. <sup>2</sup> Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. <sup>3</sup> Whichever comes first. See dealer for limited warranty details. <sup>4</sup> If the vehicle has a warrantable failure, see your Owner's Manual for full details on the Courtesy Transportation program. <sup>5</sup> Includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of oil change, tire rotation, and Multi-Point Vehicle Inspection. Service will be performed using ACDelco dexos<sup>®</sup> Full Synthetic oil and ACDelco filter. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. For Chevrolet/GMC Diesel models, maintenance includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change, tire rotation, and Multi-Point Vehicle Inspection and Diesel Exhaust Fluid (DEF) II. Service will be performed using ACDelco dexos<sup>®</sup> or Mobil Delvac<sup>™</sup> 1300 CK4 oil and ACDelco filter and ACDelco Diesel Exhaust Fluid. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. Chevrolet Corvette maintenance includes one required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change and Multi-Point Vehicle Inspection. Service will be performed using Mobil 1 ESP 0W40 oil and ACDelco Filter. Service visits must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9.

## BUSINESS ELITE DEALERS FOCUSED ON FLEETS

Our Chevrolet and GMC Business Elite dealers understand what it takes to help you build and maintain your fleet. You can rely on their expertise to get the vehicle selection and service you need to keep your business on the road.

### CUSTOMIZED SOLUTIONS

Business Elite dealers take the time to learn about your challenges and offer solutions to help build a fleet that grows with your business.

- Offer a diverse lineup of commercial vehicles
- Connect you with an upfitter<sup>1</sup> that can equip your vehicle to meet your job requirements
- Discuss total cost of ownership while offering business financing and leasing options

### EXCEPTIONAL CUSTOMER SERVICE

Business Elite service departments are set up to provide business-centered benefits.

- Facilities, tools, equipment, and certified technicians to accommodate your specific needs
- Extended service hours beyond a 9-to-5 day
- Work-ready loaner vehicles

<sup>1</sup> Upfits are provided by independent suppliers. GM is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by any such supplier.

## ESTABLISHING A NEW GM FLEET ACCOUNT NUMBER (FAN)

### A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to Qualified Fleet Users (defined below) upon application to General Motors and Fleet and Commercial Operations (GM) through the GM Fleet Account Number System (GMFANS).

### ENROLLMENT FORM TERMS AND CONDITIONS

A "Qualified Fleet User" is defined as, subject to below exclusions, any business entity that: (a) has purchased or leased five (5) or more new vehicles (any combination of vehicle manufacturers) principally for business use by such business entity in the United States within the last 12 months; (b) currently owns or leases five (5) or more medium duty trucks principally for business use by such business entity in the United States or purchases/leases one (1) medium duty truck from a participating Medium Duty Assistance Program (MDAP) distributor; or (c) currently owns or leases fifteen (15) or more vehicles used principally for business use by such business entity in the United States. Vehicles must be titled and registered in the business name (personal vehicles are excluded). If a proposed enrollee is qualified as a Fleet customer, a GM dealer is required to submit a fleet enrollment application. Supporting documentation must be retained by the dealer and made available to GM upon request (including all titles, registrations, and proof of insurance). The proposed enrollee may be asked for additional documentation.

NOTE: Entities deemed eligible for a Government FAN, with a minimum of one (1) vehicle, are exempt from having to provide vehicle eligibility documents. Examples of government entities are federal/state/county/city agency, town/township/village or municipality, public education system, or government owned-operated utility or railroad. Dealers can refer to the current 21-00 Government Bid Assistance Policies and Procedures bulletin.

A Qualified Fleet User will not include any of the following: OEM and OEM dealers; dealer rental, dealer lease, or dealer parts companies; used car businesses or dealerships; brokers or any other similar entities as determined by GM in its sole discretion. Further, entities listed on GM's suspected exporter list will not be able to be deemed Qualified Fleet Users, and in the event a FAN has already been issued, such FAN will be immediately terminated.

New Fleet or Commercial motor vehicles ordered must be delivered to the same Qualified Fleet User (using the same GM Fleet Account Number or FAN). Vehicles delivered to a qualified fleet customer must be reported with a Fleet delivery type. In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of six (6) months from the date of delivery unless a different fleet service requirement is specified in the program guidelines provided by GM under a Competitive Assistance Program agreement (the "Program Guidelines"). Qualified Fleet Users are not allowed to export vehicles outside of the United States, and upon any violation in GM's sole discretion, the FAN will be immediately terminated.

The Qualified Fleet User, by executing the Enrollment Form, certifies it is a Qualified Fleet User, acknowledges the Fleet Program Guidelines referenced herein, and agrees to comply with any and all GM requirements, including the terms and conditions of this Enrollment Form and any Competitive Assistance Program agreement if one is signed.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling dealer, access to review original business records confirming that vehicles were, and continue to be, registered, used, and transferred only in accordance with GM Program Guidelines. In the event (1) a Qualified Fleet User orders new motor vehicles from a dealer and identifies them as fleet units eligible for GM Fleet programs and those vehicles are not used by Qualified Fleet User in accordance with Program Guidelines or (2) GM declares in its sole discretion that any other actions of a Qualified Fleet User are inconsistent with this program, GM will take appropriate action, in its sole discretion and with or without notice to the Qualified Fleet User, which may include the disqualification of the Qualified Fleet User and/or dealer from future participation in GM Fleet Programs, and the issuance of fleet charge back against the dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited the dealer or identified Qualified Fleet User as a result of inaccurate representation. In the event of such a chargeback to the dealer, the Qualified Fleet User agrees to reimburse the dealer.

### B. IF A PROSPECT IS QUALIFIED:

A General Motors dealer is required to submit an enrollment application through GM Global Connect. The enrollment application can be found on the GM Global FANS website. The following information is required:

1. Name of Business
2. Physical Address
3. Phone Number
4. Copies of titles, registrations, or proof of insurance of minimum vehicle requirement, in the company name
5. Completed Qualified Fleet User enrollment form

Upon completion of the enrollment application on the website, dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued, and the requesting dealer will be advised of the FAN via online application and email.

All supporting documentation of the prospect's fleet eligibility must be retained at the dealership submitting the enrollment application.

### STANDARD FLEET ELIGIBILITY GUIDELINES

Unless otherwise indicated, the following eligibility guidelines will apply to all fleet incentive/allowance programs:

- A. The order period will begin with the announcement of the 2023 model year fleet incentive programs and end when dealers are notified that 2023 model year orders are no longer being accepted by the respective GM divisions.
- B. The delivery period is the start of 2023 production.
- C. Eligible vehicles must remain in service for a minimum of six (6) months (even if the retail alternative incentive is selected). However, if a vehicle has been damaged beyond repair (i.e., fire, frame, or water damage, etc.) and documentation is available to support the condition, this provision will be waived.
- D. All qualified fleet orders for eligible models received from dealers must contain a valid fleet order type.

E. All qualified fleet orders for eligible models received from dealers must contain the FAN of record and the FAN account name.

F. Dealer Order Acknowledgments must be checked to verify accuracy of orders submitted.

G. Dealer orders currently on hand or in the system that qualify under these programs, except that they do not contain the appropriate processing options, can be amended or canceled and reordered if they have not been approved for production (preferenced). This is the ordering dealer's responsibility.

H. Vehicles delivered to unqualified customers are ineligible, and the dealer's open account will be debited for the amount of the credit and any other fleet allowance paid. Failure to comply with these guidelines may also result in the dealer being disqualified from future participation in fleet programs and/or termination of the dealer's Sales and Service Agreement. Failure to report a FAN and valid fleet delivery type on the delivery record, if required by the GM division, will automatically generate a debit to the dealer's open account.

I. Eligible passenger car deliveries must be made to the ultimate customer through a dealership representing the GM marketing division. Passenger car deliveries made through any entity or individual other than the General Motors dealer are ineligible for payment. Eligible light-duty truck orders may be delivered through body builders if the end user is a qualified fleet or political subdivision, including the federal government.

J. Dealers must take full responsibility for including the proper processing option on the orders. No additions or changes will be accepted after orders are approved for production (preferenced).

K. Fleet orders submitted with both a fleet processing option and any ineligible fleet or retail incentive option will be rejected with an error message.

L. Acceptance of an order on any vehicle line does not constitute a commitment to build or to build in a requested time frame.

M. Those orders not produced during the 2023 model production period will be canceled. There are no provisions for dealers to receive any allowance for those canceled orders.

N. Order Workbench delivery codes reported by dealers must be the same as the Order Workbench codes provided in incentive program guidelines.

### IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program dealer letters or guidelines. To ensure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet Action Center.

## ABOUT THIS GUIDE

We reserve the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models, and availability. Specifications, dimensions, measurements, ratings, and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes, and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release — please check with your GM dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries, and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost and/or supplied by an independent supplier.

See your local General Motors Fleet Account Manager or Dealer Fleet/Commercial Sales Manager, or go to **gmfleet.com** for up-to-date information.

### AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.
