THE GM CERTIFIED SERVICE DIFFERENCE

When you need assistance with a fleet vehicle, GM Certified Service is there for you with more than 4,000 locations nationwide to deliver the parts and service that can help you keep your fleet running in optimal condition.

1

EXPERT TECHNICIANS

Certified Service experts are ASE-certified technicians trained to know the innermost workings of your fleet vehicles. They have built upon that knowledge with advanced learnings in both connected technology and diagnostics. Plus, they're backed by GM engineer support.

2

CONNECTED TECHNOLOGY

Certified Service Advisor Health Alerts help inform our experts with the most up-to-date information on the health of your vehicles. This helps give you a more accurate, at-the-moment vehicle diagnosis — sometimes even before your fleet vehicle arrives at the dealership.

3

VEHICLE DIAGNOSTICS

We offer many ways to stay in the know and constantly connected to the health of your vehicles, including monthly e-mail and on-demand reports through available OnStar Vehicle Diagnostics¹. They're consistent reminders of what's going on with your fleet vehicles' key operating systems and the steps involved in maintaining them.

LOCATE A DEALER

FIND YOUR LOCAL GM CERTIFIED SERVICE DEALER

gmfleet.com/locate-a-dealer

¹ Diagnostic capabilities vary by model and plan. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues will deliver alerts. See onstar.com for details and limitations.

QUALITY PARTS YOU CAN COUNT ON

Get parts you can depend on with GM Genuine Parts and ACDelco Original Equipment, which are designed specifically to the precise engineering of Chevrolet, Buick, GMC and Cadillac vehicles. Plus, we offer ACDelco Gold and Silver parts for your aftermarket needs.

OE

GM ORIGINAL EQUIPMENT

GM Genuine Parts and ACDelco Original Equipment are the true OE parts installed during production or validated by General Motors for its vehicles. These maintenance, repair, propulsion and collision components are designed, engineered and tested to rigorous standards, and backed by General Motors.

GOLD

ACDELCO GOLD

ACDelco Gold parts are the high-quality alternative to OE parts. These parts are manufactured to meet expectations for fit, form and function. It makes them a smart choice for General Motors vehicles, as well as most makes and models, including special applications. These high-quality parts are backed by General Motors.

SILVER

ACDELCO SILVER

ACDelco Silver parts are a quality high-value option for GM vehicles, as well as most makes and models, and are backed by General Motors.

ADVANCED DIAGNOSTIC SUPPORT

WORLD-CLASS TRAINING OPPORTUNITIES

Maintaining and repairing fleet vehicles requires a high degree of skill. GM's top-notch technical training helps make your techs experts in servicing yours. We offer a wide range of courses and materials to help service professionals better understand the many aspects involved with GM vehicles and their systems' inner workings.

TECHNICAL TRAINING KEY BENEFITS

- Helps your technicians understand GM vehicle systems and gain efficiencies when servicing your fleet vehicles
- Expands your technicians' repair knowledge
- Gives your service professionals the tools of today's trade — and helps prepare them for tomorrow's vehicle technologies

ON-SITE TECHNICAL TRAINING

Keep your fleet moving with classroom-style training at your location, facilitated by GM-certified fleet instructors. Our hands-on programs are tailored to fleet vehicles and designed for fleet technicians. Past or current models can be featured, based on the vehicles in your fleet and the training you request.

KEY BENEFITS

- Customized content developed around your needs and your fleet's specific vehicle lines
- Train-the-trainer programs that offer instructional skills
- GM Fleet-specific courses, with technical assistance delivered on-site at your location

GM SERVICE TECHNICAL COLLEGE

GM Service Technical College (STC) offers your technicians the same high-performance training available to GM Dealers. It utilizes the latest in training technology to effectively support the complex and emerging training requirements for service personnel, with the objective to enhance your technicians' ability to repair vehicles right the first time.

KEY BENEFITS

- Faster professional development through the elimination of training redundancy
- Focused training and career development provided by the helpful "Path to 100% Service Training Standards" tool for required courses
- Performance-based curriculum that validates skills and technician competency
- Flexible training to accommodate your technicians' schedules

ACDELCO TECHNICAL TRAINING

ACDelco training helps equip your techs with the skills they need to succeed. In addition to traditional, instructor-led courses and seminars, we also offer a wide selection of online courses so busy technicians can complete learning at their own pace.

ONLINE TRAINING

Self-Study Training

Downloadable materials intended to help educate on the technical aspects of the various vehicle systems

Web-Based Training

Technical training accessed through the ACDelco Learning Management System (LMS)

Video On Demand

Previously recorded technical content available for technicians to view at any time

TechTube Videos

Brief instructional videos that offer a quick and convenient way to learn about technical content

Virtual Seminars

Online training events hosted by an ACDelco professional designed to keep technicians up on changing vehicle technology, product information and diagnostic tips on ACDelco's top products

Virtual In-Shop Training

Online training events hosted by an ACDelco professional that cover a specific issue or procedure live

IN-PERSON TRAINING

Instructor-Led Training

Full-day courses presented by an ACDelco instructor, utilizing vehicles and hands-on exercises

Seminars

Interactive, 3- to 4-hour evening seminars presented by an ACDelco professional

In-Shop Training

An ACDelco professional brings a live procedure or demonstration right into the service bay

ADVANCED DIAGNOSTIC SUPPORT

Get the job done right. GM's diagnostic program resources offer the information and tools your technicians need to help them properly perform repairs.

TECHLINE CONNECT

Techline Connect (formerly TIS2Web) is a Web-based subscription service for GM vehicle calibrations, Global Diagnostic System software and scan tool hardware updates. This single application covers all technical problems accurately and efficiently by integrating Service Information, programming and scan tool diagnostics into a one-stop shop.

- Can help improve profits by letting you bring diagnostics and repairs in-house
- Saves time by helping diagnose GM vehicles quickly and accurately
- Quickly looks up vehicle calibrations
- Offers access to trained experts for time-sensitive issues related to GM software operation

SERVICE INFORMATION (SI)

Keep your fleet up to date with the latest and most accurate repair data. Service Information (Si) is a comprehensive collection of vehicle diagnostic and service repair manuals for GM vehicles.

- Provides current repair information to GM Original Equipment quality standards
- Offers collision repair procedures, frame-sectioning information, panel-replacement procedures and recall information
- Features an expansive library of information that covers vehicle manuals, specifications, service bulletins, VIN tags and more
- Helps technicians complete the job right the first time

LEARN MORE!

Eligible my GM Partner Perks participants can receive discounts on Techline Connect and Si subscriptions.¹

GET EFFICIENT WITH CONSOLIDATED BILLING

Regardless of fleet type or size, GM Fleet has a service and parts program to help you manage costs, minimize administration and maximize driver convenience. Our programs are perfect for managing your vehicle service and parts purchases at a GM dealership or through an ACDelco distributor. Best of all, every vehicle in your fleet is eligible — no matter the make or model.

KEY BENEFITS OF ALL OUR PROGRAMS

- A single, consolidated monthly invoice with 30-day payment terms
- All vehicle makes and models are eligible, with no enrollment or usage fees
- Fleet-specified purchase approval requirements
- Purchase order enforcement, if desired
- Online, 24/7 access to your statements and detailed invoices (view, print or download)
- Unlimited management reports
- Invoice dispute resolution support
- EDI format and full system integration available
- Live customer agent support to assist with questions or training
