Tough job to do? GMC Accessories has you covered with a wide selection of commercial-grade choices that are completely in tune with the engineering and design standards of your vehicle. To help ensure you're getting the quality you deserve, many of these accessories have been put through a lineup of demanding tests. GMC Accessories also offers customer-focused limited warranty coverage — if they are installed before vehicle delivery, they are covered under the applicable portion of the New Vehicle Limited Warranty<sup>2</sup>.

An additional offering of Associated Accessories is also available from renowned manufacturers like LUND®, Thule®, UWS®, CURT™ and others — each with its own individual warranty coverage.

See your GMC Dealer or shop online at GMC.com/accessories, which offers a convenient way to shop, select and ship thousands of choices.

GM reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, features, specifications, models, accessories and availability.

Most GMC Parts and Accessories sold and installed on a GMC vehicle by a GMC Dealer or a GMC-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable limited warranty. If GMC Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. GMC Parts sold over the counter, or those not requiring installation, will continue to receive the standard GMC Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. GMC warranties do not apply to Associated Accessories. See your dealer for details.
