GENERAL MOTORS FLEET

CHEVROLET
LOW CAB FORWARD

GENERAL MOTORS FLEET

BUILT FOR MAXIMUM UTILITY

When your fleet is faced with bigger tasks, you can find a Low Cab Forward (LCF) truck to help get them done. Every truck in our extensive LCF lineup features the easily maneuverable cab over design, tight turning radius, substantial space, mobile office offering and upfit¹ options that make the LCF a valuable asset to fleets who put a premium on hard work.

TURNING DIAMETER (CURB TO CURB)

The Low Cab Forward Regular Cab gives you the nimbleness to maneuver in and out of tight spaces with ease. The cab over design allows for a turning diameter as low as 31.5' depending on wheelbase choice.

DRIVER PERSPECTIVE

The large windshields of the Crew and Regular Cabs and downward sloping side windows provide outstanding perspective, helping the driver to keep a watchful eye on the task at hand.

CONFIGURATION OPTIONS

The Low Cab Forward is available in wheelbases from 109" to 248," and can accommodate a wide range of body applications ranging from 10' to 30', as well as upfit options tailored to specific vocations.

EASY ENGINE ACCESS

For the Regular Cab, easily tilt the cab forward with just one hand for access to the engine and transmission for normal maintenance and repair, without having to climb over the fenders, as is the case on a conventional style work truck.

FRAME

The ladder-type channel section frame is heat-treated, carbon manganese, low alloy steel with good weldability and modular hole spacing, as well as a clean, flat top to provide an even surface for easy body mounting.

AVAILABLE PTO MAIN SWITCH

The available PTO main switch and PTO engine idle up switches make operating external attachments more convenient.

EXPERTS ON YOUR BUSINESS

NATIONWIDE NETWORK

A network of Chevrolet Dealers specializing in Commercial Industry vehicles with locations across the country ready to serve business customers.

FLEET ADVISORS

The Dedicated Fleet Action Center, comprised exclusively of fleet specialists, can work with you to achieve the goals of you and your fleet.

¹Equipment from independent suppliers is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety or quality of independent supplier alterations.

DESIGNED AROUND THE DRIVER

DOOR OPENING

An 85-degree door opening, in combination with the integrated entry step make for easy entry and exit for both driver and passenger.

RADIO UPGRADE/BLEETOOTH^{®3}

Enhance the connectivity of Low Cab Forward with the upgraded Bluetooth-enabled radio, featuring a 7" diagonal touch screen, Apple CarPlay^{®4} and Android Auto,^{TM5} as well as Hands-Free Calling.

DRIVER SAFETY

The Chevrolet LCF offers a multitude of safety features. MobilEye¹ provides Lane Departure Warning as well as Forward Collision Alert, while a Rear Vision Camera² gives drivers a view behind the vehicle. Standard 4-wheel antilock brakes help add stability and control. Wraparound headlamps and separate side marker lights can help provide greater nighttime visibility from the front as well as the side.

STORAGE

Ample storage behind the seats, as well as conveniently placed overhead storage keep everything organized and out of sight.

Rating (GVWR). When properly equipped, includes vehicle, passengers, cargo and equipment. ⁴Gross Combined Weight Rating (GCWR). When properly equipped, includes weight of the vehicle and trailer combination, including the weight of the driver, passengers, fuel, optional equipment and cargo in the vehicle and trailer.

STRENGTH WHERE IT COUNTS

Power up your business with two powerful engine options on the LCF lineup. The responsive turbo-diesel engine provides your business with efficiency without sacrificing performance. For a gasoline option, the 3500 and 4500 models feature a powerful 6.6L V8 engine with 350 hp and 425 lb.-ft. of torque.

MODEL¹	ENGINE	FUEL TYPE	TRANSMISSION	HORSEPOWER	TORQUE
3500	6.6L V8	Gas	6-Speed	350	425
4500	6.6L V8	Gas	6-Speed	350	425
4500 HD	5.2L I-4	Diesel	6-Speed	215	452
4500 XD	5.2L I-4	Diesel	6-Speed	215	452
5500 HD	5.2L I-4	Diesel	6-Speed	215	452
5500 XD	5.2L I-4	Diesel	6-Speed	215	452
6500 XD	5.2L I-4	Diesel	6-Speed	215	520

4500 HD, 4500 XD, 5500 HD AND 5500 XD LOW CAB FORWARD

Fitted with a 5.2L I-4 4H turbocharged diesel engine and paired with an Aisin® A465 6-speed automatic transmission with double overdrive and lock-up 2nd-6th gears, the 4500 HD, 4500 XD, 5500 HD and 5500 XD deliver 215 hp and 452 lb.-ft. of torque. All are available in Regular Cab and Crew Cab configurations.

6500 XD LOW CAB FORWARD

Equipped with a 5.2L I-4 4H turbocharged diesel engine and paired with an Allison® 2550RDS 6-speed automatic transmission with park pawl and PTO Gear, the 6500 XD delivers 215 hp and 520 lb.-ft. of torque. The 6500 XD is available in a Regular Cab configuration.
